Product Summary

DMX Splitter used to simplify 'daisy-chain' wiring on DMX LED Installations.

Product Description

DMX Splitter 1 in 4 out

MegaLED's DMX-Splitter is a 4-way DMX signal splitter incorporating FULL isolation between all inputs, outputs and power supply. The DMX Splitter can be used to facilitate many DMX LED Lighting installations, on many occasions making "daisy-chain" wiring associated with the DMX protocol a lot easier to complete. The DMX Splitter allows 1 DMX signal line to drive 4 additional signal lines, with each output line driving upto 31 devices.
