Product Summary

Brite-FIX™ edge lit glass signs are economic, durable and contemporary,

and ideal for internal office and high end wayfinding signage.

Product Description

Glass Edge Lighting System | Brite-Fix™

Award winning slimline, maintenance-free edge-lit glass signs for wayfinding, hotels and office signage. Brite-Fix is a proven, original award-winning design, super-efficient in operation and with no reported faults in operation. Ever. Brite-Fix designs use 'module placement' to create original minimalist signage. They can even be used as eyecatching corridor lights. The product has been seen in high-end locations such as the BBC and MTV Europe, and film studio offices. Efficient operation, with power consumption from 1W per Brite-FIX light. Brite-FIX™ is ideal for architectural, corporate and interior signage applications; wayfinding, door numbers, floor level indicators, sponsor panels (universities and art galleries) and illuminated building directory boards.
