Product Summary

Linea™ is a guide light that is functional and decorative. It can be encased into walls, floors and even designed as a robust 'drive over light'.

Product Description

Linea™ is a new type of custom engineered linear LED light fixture best described as a 'solid state light' or maintenance-free block of perfectly diffused light.

Linea™ is a guide light that is functional and decorative. It can be encased into walls, floors and even designed as a robust 'drive over light'. Linea lights can also be used to illuminate stair treads, to create accent lighting and sign-fascia highlighting.

The product delivers brilliant light outputs and can be made to order by MegaLED in many formats, specific light fixture lengths and LED type options and colours.

If you have an enquiry and want to discuss it with somebody we'd love to talk to you. Simply telephone +44 (0) 208 432 0995 or enquire [here](#).
